SUBJECT: BLUE LANTERN LEVEL 3: PRE-LICENSE END-USE CHECK  
ON APPLICATION 050093417

REF: BLUE LANTERN GUIDEBOOK 2006

11. This is an Action Request. See paragraphs 2-4.

12. The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests post's assistance in conducting a pre-license check on application 050093417 for the export of CO2 Laser Components to Singapore. Post is requested to complete this Blue Lantern check within 30 days. Lack of response to a Blue Lantern check will affect pending and future applications involving parties to this license.

13. Reason for request: End-user, IDI Laser Services, and foreign consignee, Wavelength Technology Singapore, are unfamiliar entities that have never been subject to a Blue Lantern check.

14. Action Request: Post should make appropriate inquiries to verify the bona fides of end-user, IDI Laser Services, and foreign consignee, Wavelength Technology Singapore, and confirm the legitimacy of the proposed transaction. Wavelength Technology Singapore also has offices in China so post should determine whether the company has made any unauthorized retransfers of United States Munitions List (USML) items to China.

Department requests that post conduct a site visit to the company in order to provide Department with an assessment of its business operations and on-site security. If a site visit is not possible, please inform PM/DTCC case officer. Finally, post is asked to assess whether the company appears to be a reliable recipient of USML items. End action.

15. For background, the following details of the license in question are provided:
